Located in the Town Center Mall • We Cordially Invite You To Call (503) 682-9191

What Kind of Impression Would You Like to Make?

We all know that the way you look says a lot about you. You search for clothing styles to find the ones that flatter you best. And you choose hairstyles you feel are just right for you. You coordinate everything to get the look you want.

But did you know your smile also says a lot about you? It is, after all, the first thing most people see when they meet you.

So if you want to add a little something to your smile, we can help you through cosmetic dentistry. No matter how nice your smile is now, we can help you make it better.

We'll start with an extensive consultation on your personal dental situation. Then, we'll talk about how cosmetic dentistry can help you get the smile you want.

When you've decided on the changes that are best for you, we'll outline new and improved methods and procedures to fashion a bright smile tailored perfectly for you.

Let's face it, we all want our smiles to look great. And when you look good, you'll have a lot more to smile about. Give us a call and let us help you achieve the dazzling smile you deserve.

Oral Cancer

In this year alone, 31,000 Americans will be diagnosed with Oral Cancer and about 9,000 people will die from it. The main risk factors are tobacco and alcohol use and family history, but every adult must be considered at risk. Twenty-five percent of the current oral cancer victims have no life style risks. The most important step in decreasing oral cancer deaths is early detection. In the early stages, 90% of the cases can be treated. Our Oral Cancer screening, done by both our doctors and hygienists is one of the most important parts of your dental examination. Ask us more about how you can do your own self-exam at your next appointment.

The Cold Sore Virus

It is estimated that 25% of the population suffer from recurrent cold sores. The cold sore virus (HSV-1) is highly contagious, easily spreading to others including children. The virus can also spread from the lips to other parts of the body and can cause genital herpes, and even blindness.

Now with the use of our dental laser, it is possible to stop the pain and burning that these lesions cause and allow for faster healing to begin. The procedure is painless and often times covered by your insurance. For more information, please give us a call.

Maximize Your Insurance

Be sure to use *all* your insurance benefits that you are entitled to before the calendar year is gone. As the saying goes:

"Use it or lose it."

We Are Keeping You Safe!

Here at TCDC we are continually striving to provide the very best services possible in the most efficient way.

We recently passed a Radiation Safety Inspection with flying colors. This standard is set by the Oregon Department of Human Services. Dr. Richard Brown visited our office with some very interesting and advanced equipment. He proceeded to test all of our radiographic equipment and found that our exposure levels were well below permitted amounts and that all persons in the clinical area were safe from unnecessary exposure when films were being taken. His exact words were "This is the safest office I have ever been in."

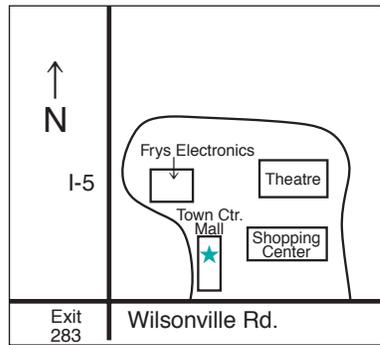

Thank you to Dr. Brown and our Fabulous Dr.'s here for ensuring the safety of all who enter our office.

We would like to THANK the following people for their nice referral to us in 2006:

- | | |
|---------------------|---------------------|
| Keri Lynn Baricevic | Dr. John Green |
| Mark Basel | Veralynn Klosterman |
| Catherine Bauer | Charlotte Loomis |
| Jeanette Beatty | Christie O'Donnell |
| Diane Benya | Rick & Trudy Palo |
| Katrina Berry | Greg Papworth |
| Julie Betz | Joan Schultz |
| Flor D'Nerio | Robert Ticknor |
| Art Davis | Roberta Dodd |
| Gary Dreger | Sharon Wall |
| Rhonda Gee | Maria Walsh |

Thanks for Everything You Do

Thanks for your trust and support.

Thanks for all your suggestions - for ways to improve our services, our office procedures, and this newsletter.

Thanks for arriving on time for your appointments..and for being so understanding if we occasionally fall behind schedule because we're giving every patient the complete care they deserve.

Thanks for calling early to reschedule any appointments you can't keep...so we can schedule someone else for the time you can't use.

Thanks for keeping us updated of changes with your insurance...this helps us process your claims more accurately and efficiently.

And thanks for referring your friends, family member and co-workers to us; we sincerely appreciate your referrals.

◀ New Referral Program

Ask about our referral program when you come in for your dental appointment. We at Town Center Dental Care hope you will really enjoy it.

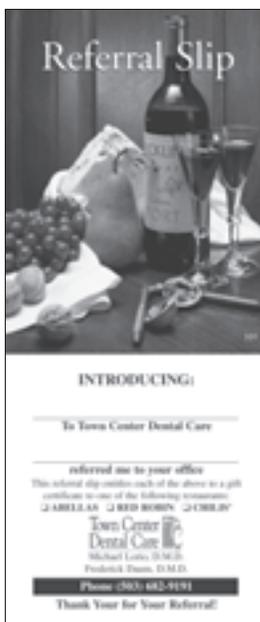

When you refer family or friends to our office, you have paid us the highest compliment possible. We appreciate your confidence and trust.

NEW PATIENT WELCOME SPECIAL

Bring this card in with you and receive

\$25.00 OFF

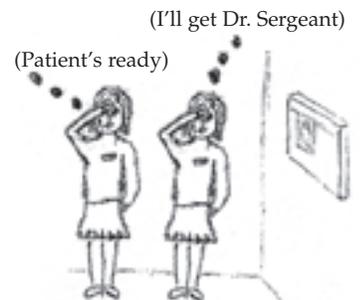

your first appointment.

Dental Mental Word Scramble

Unscramble these four jumbles, one letter to each dash mark, to form four ordinary words.

○	—	—	○	—	
T	U	M	H	O	
○	—	—	○	—	
E	S	A	R	L	
—	—	—	○	○	○
E	L	E	D	E	N
—	○	—	○	—	—
T	A	Y	C	V	I

What the dentist calls his well-trained staff.

Now arrange the circled letters to form the surprise answer as suggested by the above cartoon,

ANS: The " _ _ _ _ _ " _ _ _ _ _
